Subject: Contract HF8143, Price Redetermination Proposal

Enclosure (1): Price Redetermination Proposal for Contract Item #1

Dear Jim,

As required by the price redetermination clause of the subject contract, we are transmitting herewith Enclosure (1) which is our proposal for the redetermined price for Contract Item #1.

25X1A As explained in previous similar proposals, the costs of the Engineering and Services Department, Baltimore, are handled by Air Arm Division as a purchased item. This accounts for the fact that the only item of direct costs shown on Enclosure (1) is captioned "Engineering and Services Labor". Included in the estimate to complete portion of this proposal are manhours of domestic field services.

As you undoubtedly know, Item #2, of the contract is not subject to price redetermination and is, therefore, excluded from this proposal.

If any further information is desired, we will be glad to furnish it upon request and arrange a conference at your convenience to establish a final price for the contract item covered by this proposal.
